

I think it is important for us that we be responsive and treat everyone in an equitable manner. So you have thousands of children throughout this country that find themselves in this particular loophole that I feel that needs to be corrected and these three pieces of legislation helped do that.

So as we move forward, I urge my colleagues to cosponsor the Nutrition Assistance for Working Families and Seniors Act, which would restore food stamp benefits to qualified immigrants and primarily affecting families with children.

I also want to say a few words about a bill recently introduced by the gentleman from Michigan (Mr. LEVIN) on Women Immigrants Safe Harbor Act, which is H.R. 2258. This particular legislation allows legal immigrants, who are victims of domestic violence, to be eligible for public benefits such as food stamps and Medicare and SSI for the period of time long enough to allow them to escape from their abusers. I will say that time and time again we need to care for the most vulnerable in our communities. Individuals fleeing domestic violence certainly need our help. It is time to talk about compassion, about fairness, about keeping our community healthy. Now is the time to give legal immigrants a chance to escape their abusive relationships. Under the present situation, they cannot. Now is the time to restore both the medicaid and the CHIPS benefits to lawfully presenting in any event women and children. Now is the time also to restore the food stamp benefits to working families and children and the seniors who rely on the assistance in time of need.

I urge my colleagues to support the healthy solutions of American hard working families. This is the right thing to do for the immigrants, for the children and for all Americans.

I want to take this final opportunity, Mr. Speaker, to just indicate that it is three pieces of legislation that will help correct the problems that we see now. Once again, it is the Legal Immigrant Children's Health Improvement Act that talks about only people that are legally in this country. I am not talking about illegal. These are people once again that went by the rules,

played by the rules and now they find themselves in that 5-year gap. I ask for assistance and for people to sign up.

Secondly, when it comes to nutrition and food stamps, we want to make sure that the Nutrition Assistance for Working Families and Seniors Act also is passed so they will have access to food stamps if they are in need.

Finally, the Women Immigrants Safe Harbor Act allows women that are being abused the opportunity to qualify for these programs as they flee from those situations that are not healthy.
